

POSSESS THE LAND

An Introduction.

This long awaited course is truly “One of a kind” and indeed a game changer for your life. It is unique and comprehensive in its own right and is full of revelation through the in depth teaching and scriptures:

It will equip the believer to be more effective in the area of Spiritual Warfare and is explicit in the teaching providing a deep understanding on how, as believers in Christ we can achieve victory against the powers of darkness and how we are then able to walk in that victory.

Possess the Land also brings the subject of Inner Healing into focus as it is woven into the modules.

The modules that focus on the Inner Healing perspective provide teaching on spiritual roots, hindrances and other obstacles that may be holding us back from feeling seemingly “stuck” and unable to move forward. Throughout the Possess the Land modules we can find the scripture references accompanying them.

We at Hylton Ministries truly believe this course will be a blessing for all whom feel led to enrol and participate in this amazing course. The participants can then move on confidently in their new found freedom in Christ and have a hunger to **Win the Lost at all Cost**

Possess the land is all about freedom! The aim is to bring freedom to individuals in order that they may live committed and victorious lives in Christ, with the power to win the lost.

What is the purpose of our Possess the Land course? This program will equip believers spiritually by exposing the root of what the enemy uses to keep us from living a life of freedom. This program does address the demonic, but also heavily focuses on dealing with the mind and emotional pain that the enemy causes to keep us bound. Below are a small selection of the lessons that we will cover:

Occultic Roots - The Position of the Church in our World Today - The Hierarchy of Satan - Spiritual Warfare- Bruises of Satan - The Root of Pride - The Root of Bitterness - The Root of Rejection - how to maintain my deliverance - soul ties etc

Possess The Land
